All schools in HRCE have a SAC, response rate was 92%. Chair has access to the GNSPES account. SAC communication will come through that account.

Meeting summaries will be posted to the school website. Meeting times are communicated through the newsletter and school website.

47% of SACs have full memberships. We will review our membership and look to fill any vacancies.

SAC spending: we spent funds on installing more backpack hooks in both hallways upstairs and school materials for literacy.

PD opportunities: Once a year SLCs meet to review SAC expectations, the role the SAC plays in schools.

We have a new provincial school code of conduct coming this fall. Full implementation should happen by the spring.

We will continue to meet virtually for each meeting.

Membership vacancies currently are for community members and a teacher vacancy.
